## Thanks Letter

Dear valuable Partners,

Good day.

I am writing to express my sincere gratitude for your assistance.

One of our containers experienced a problem while being picked up by the consignee. If it had not been for your assistance in helping to contact the border customs and promptly correct the error. I fear that our client would probably have suffered economic losses.

Your company's timely response demonstrate great professionalism!

Again, I would like to express our gratitude to your company on behalf of our client. Everyone agrees that it was me to express my warmth thanks to your company and Kuanysh Kukenov in particular!

Please accept my gratitude!

Best regards.
